This document provides guidelines on appropriate use of the eTwinning logo. To maintain the integrity of the eTwinning brand, these guidelines must be strictly followed.

The eTwinning logo is the most immediate representation of our company, our people, and our brand to the world. It is a valuable asset that must be used consistently in the proper, approved forms.

There can be exceptions to these rules, however all exceptions must be approved beforehand by the EC.
This is the main eTwinning logo. This version should be used in preference to the alternative horizontal version you will find on page 10 of this document.

The minimum reproduction size of the logo is 15 mm width.
